# ABOUT US

Welcome to JB Products, your trusted partner for over 30 years! We take immense pride in our expertise in developing and manufacturing high-quality items made from Polycarbonate, Tritan, Acrylic, PP, AS, and Melamine materials.

At JB Products, we understand the value of innovation and have harnessed the versatility of Polycarbonate, a remarkable thermoplastic material that has revolutionized various industries. Renowned for its exceptional properties such as high impact strength, optical clarity, thermal stability, and excellent electrical insulation, Polycarbonate stands out as the ideal choice for applications requiring durability, strength, and resistance to harsh environmental conditions.

With an extensive experience spanning three decades, JB Products has consistently offered an impressive array of items suitable for diverse industries. Whether it's Food Service, The Floral Industry, Home Use, or the Pet Industry, our products have catered to a wide range of needs and requirements.

We understand that each program may have specific budget considerations, which is why we incorporate three different levels of polycarbonate material in our collections. This approach ensures we can precisely meet your target price points without compromising on quality or performance.

At JB Products, we prioritize delivering excellence from start to finish. With our in-house mold production facility, we maintain complete control over the product's journey – from the initial CAD drawing to the final immaculate creation. This not only allows us to uphold stringent quality standards but also enables us to offer our products at highly competitive prices.

Our commitment to customer satisfaction is unwavering. We invite you to get in touch with us, and our dedicated team will go above and beyond to understand your needs and provide tailored solutions. At JB Products Factory Limited, we aim to exceed your expectations and ensure that every interaction with us is nothing short of exceptional.

# MORLEOS

Crafted with thickened advanced materials, offering a touch akin to high-grade glass cups. With safety as a top priority, Morleos is designed to be unbreakable, ensuring worry-free usage. It's versatility makes it suitable for various upscale environments, including yachts, sandy beaches, swimming pools, and exclusive gathering places.

# ROCO

A lightweight, cost-effective, and long-lasting solution with excellent transparency. Ideal for various settings, from everyday dining in restaurants to large-scale events. Moreover, Roco is highly recyclable and dishwasher-safe, ensuring an environmentally friendly and convenient choice.
